## Fine Arts Update

This year WCMS is performing the classic story of the Wizard of Oz. I interviewed Mrs. Brackett, who is directing Wizard of Oz, to learn more about the production. The dates for the performances at the high school are March 23 and 24 and tickets are \$5. Mrs. Brackett said, "It's such a great cast, and you should be excited to see your friends perform in different ways." She would like to give a special thanks to Mrs. Rabern for helping with the music and Mrs. Hardy for doing the costumes. Please come see

our students in the wonderful production of Wizard of Oz!

## Teacher Feature

**Captain Thomas** has been a part of the WCMS staff since 1999 and he is retiring this year. I asked Captain Thomas what his favorite part of being a WCMS staff member has been. He answered that he has enjoyed working with the other staff members. Captain Thomas has made an impact on the lives of many students. He stated, "I will never forget the time a student told me I made a difference in his life." After retirement, he plans to travel and work around his house. Captain Thomas wants everyone at WCMS to know that he has been truly blessed to work here. He jokingly said that he would like a BIG burger from Big Daddy's and a strawberry milkshake for his retirement gift.

## Connection Corner

**Mr. Evans** is one of our connection teachers at WCMS. He teaches **Math Enrichment**. Mr. Evans has been teaching for 23 years. He taught 8th grade before he made the move to the connection hallway this year. He got his teaching degree at Piedmont College. When

asked about what he likes about his job he stated, "I like building relationships with students to help prepare them for the real world."

## Student Spotlight

The student spotlight for this issue is **Marcos Paramo**. Mrs. Hall selected Marcos because of his excellent grades, outstanding behavior, and his amazing ability to include himself in activities. Mrs. Hall stated, "Marcos is diligent and gets his assignments done in a timely manner. He is respectful to adults and his peers, and he encourages students to do their best." Thank you for setting an example as a student! Congratulations, **Marcos Paramo** for being selected for the student spotlight!

By: Lealia Smith

## Student Survey

Sixty random students around the school were asked the following question:  
**What is your favorite sport?**

By: Ansleigh Vandiver

## The Club Hub

FFA is a club run by Ms. Dickerson and the FFA officers. FFA meets once a month on the second Wednesday of the month. In FFA you get to do things with agriculture. For example, there is livestock judging which just happened in

February. Ms. Dickerson's favorite FFA competition is vet science. In FFA you can learn valuable job skills such as public speaking. If you are interested in joining FFA, come see Ms. D in the connections hallway.
